

Your Love Feels Good (To Me)

Looking back in time
Living all alone
I never thought I needed someone
Then you proved me wrong

Calling all the shots
Always in control
I was a man with a grand illusion
with a heart stone-cold

chorus:
Your love feels good to me
I won't let you go
I've been waitin' so long for you to come along
Your love feels good - to me

Since the day we met
I knew beyond a doubt
You had something money can't buy
I could not do without

Here we are today
As close as close can be
A love like ours only comes
with a love-time guarantee

repeat chorus

bridge:
I always want to be around you
Just think I might not have found you

repeat chorus twice

Your love feels good
Your love feels good - to me
